PROFESSIONAL EXPERIENCE

SPORTYEAH | Mobile Software Developer

Remote | Aug 2025 - Present

- Develop and maintain Sportyeah's mobile application using Flutter and Dart, supporting user experiences across the sports ecosystem.
- Develop and enhance key modules including tournaments, clubs, user profiles, and the in-app store.
- Integrate and work with Google ecosystem services and iOS services required by the mobile application.
- Continuously improve interfaces, user flows, and functionality to deliver a clearer and more efficient user experience.

TRECE SOFTWARE | Flutter Developer

Antioquia, Colombia | 2024

- Developed Borondo, a tourism-focused mobile application built with Flutter.
- Implemented features allowing users to register, create, edit, share, and interact with travel routes across different destinations.
- Integrated Mapbox, Google services, push notifications, WebSockets, and Stripe.

SIMPLIFIED PRACTICE | Software Developer

Albuquerque, United States | 2022 - 2024

- Developed SP Members Portal in Flutter for patient management, including state management, API consumption, payments, file uploads/downloads, chat, and push notifications.
- Participated in mobile application deployment for both iOS and Android.

- Developed a React-based multi-tenant web platform for company management, including calendar, clients, sales, and connection center modules.
- Integrated third-party services including Google, Twilio, and CardConnect.

PAYQA | Flutter Developer

Lima, Peru | 2021 - 2022

- Developed Ulikme, a Flutter-based mobile dating application.
- Implemented BLoC for state management and integrated OAuth, Google, Facebook, and chat functionality.

INSTITUTO SUPERIOR 17 DE JULIO | Web Developer

Ibarra, Ecuador | 2020 - 2021

- Designed and implemented the institution's WordPress website, including server configuration, theme customization, plugin integration, and SEO optimization.
- Trained staff on website usage and ongoing maintenance.

EDUCATION

B.S. in Computer Systems Engineering | Universidad Técnica del Norte

2021 - 2022
